

PSYC-314-003 | Tues/Thurs 9:30 – 10:50 in SWNG-221

Health Psychology

UBC Vancouver Campus, Winter Term (Jan. – Apr., 2024)

UBC is located on the traditional, ancestral, and unceded territory of the x^wməθk^wəyəm (Musqueam) people.

This course offers a general introduction to the theory and scientific research in the field of **health psychology**. Topics include the biopsychosocial model; stress, coping, and stress management; social support and interpersonal processes; social determinants of health and health disparities; health-promoting and health-compromising behaviours; health promotion and disease prevention; patient-provider relations; pain management; chronic and terminal illness; caregiving; death, dying, and grief; and aging. These topics have been organized into three main units: **(1) Stress & Social Processes**, **(2) Health Behaviours**, and **(3) Illness Management**. While these topics are relevant to neighbouring disciplines, the purpose of this class is to provide a **psychosocial** perspective. Students who successfully complete this course will be able to discuss current research in the field; compare and contrast theoretical perspectives in the field; describe associations among physical, psychological, and social health; and apply theory and research to their daily lives. ***This course will run for 13 weeks, with 2 hours and 40 minutes of contact time per week (including 24 lectures). This section of the course will be delivered in-person and CANNOT be completed remotely.***

Course Prerequisites: It is **strongly** recommended that you have taken an intro psychology course and/or have some knowledge of research methods!

YOUR INSTRUCTOR

David King, MSc, PhD (he/him/his)
Please call me either David or Dr. King!

Email: dbking11@psych.ubc.ca
Please email me directly, not via Canvas!

Office: Room 2406, 2136 West Mall

Dr. King's Office Hours on Zoom: Wednesdays 10:00 AM – 12:00 PM (Jan. 10 – Apr. 17, exc. Feb. 21), or by appointment. *Drop in during these hours, or email me to schedule a meeting. See Appendix A or Canvas for Zoom details.*

NOTE: Office hour drop-ins/meetings may have to be limited to 10 to 15 minutes per student when others are waiting. *Please be respectful of everyone's time! I am NOT available on Saturdays, Sundays, or holidays, or after 5 PM (PST) on any day.*

For my website & blog, visit www.davidbking.net. Or follow me on Threads ([@dr_davidking](https://www.threads.net/@dr_davidking)) for random musings, more psych stuff, and cute dog pics.

YOUR TEACHING ASSISTANT

Erin Fitzpatrick, MA (she/her/hers) **Email:** erin.fitzpatrick@psych.ubc.ca

To schedule a meeting with your TA, please email them directly. Remember to treat your TA with respect during all interactions and communications!

NOTE: Your TA should be your first point of contact for grading-related inquiries.

EMAIL ETIQUETTE *When emailing us for any reason...*

PLEASE DO:

- Include a subject line, starting with the course code AND section number.
- Include prev. relevant correspondence.
- Include your FULL name & student #.
- Be specific in your request (e.g., number of days needed for an extension).
- Give us at least 48 hours to respond!

PLEASE DON'T:

- Email us through Canvas.
- Email us multiple times about the same issue in a 48-hour period.
- Leave out important information.
- Provide unnecessary details about an illness (e.g., bodily fluids).
- Assume we can read your mind!

COURSE FORMAT

This course will be structured around textbook readings and lecture content, which is intended to summarize and expand upon textbook readings. All lectures will be delivered live/in-person and will NOT be recorded. A preliminary set of lecture slides/outlines (excluding most images and answers to discussion questions) will be posted online prior to each lecture. Slide outlines are intended to be visual aids only; you should take your own notes using the slides as a guide. Textbook readings and PowerPoint/lecture topics are indicated in the course schedule in this syllabus.

Course Website: This course uses **Canvas** (<http://canvas.ubc.ca>) to make important announcements, post lecture outlines, administer practice quizzes, publish grades, and provide other materials. Please ensure that this course appears in your Canvas account and that you are set up to receive notifications. **You are responsible for reading all class announcements.**

Course Modules: Course content will be presented in 11 modules, each corresponding to a different lecture (presented over multiple days) and readings. See the course schedule in the syllabus and **Modules** in Canvas.

Recommended Discussions & Links: External links and discussions recommended in Canvas are for your interest only and are NOT testable.

General Discussion Board: This should be used for general and **non-urgent** questions and discussions related to the course.

COURSE EVALUATION You are required to complete 3 exams and have the option of submitting a final paper.

Evaluation Route 1: If you **do not** submit the optional paper, each exam will comprise 1/3 (33.33%) of your final grade.

Evaluation Route 2: If you submit the optional paper **AND** it improves your grade, each component (3 exams and 1 paper) will comprise 1/4 (25%) of your final grade. Otherwise, you will be evaluated by Route 1.*

*You do NOT need to notify me ahead of time of your choice. If you hand in a paper and it improves your grade, you will be evaluated according to Evaluation Route 2. If not, you will be evaluated by Evaluation Route 1.

+ up to 3 points from HSP (optional; see section on 'Extra Credit')

YOUR TEXTBOOK (REQUIRED READING)

Health Psychology: Biopsychosocial Interactions

by Edward Sarafino, Timothy Smith, David King, & Anita DeLongis (2nd Canadian Edition, 2020, Wiley)

NOTE: You will NOT be responsible for reading Chapters 2 and 16.*

There are 2 formats of the book to choose from, depending on your needs...

1. **Paperback** (ISBN 9781119506942)

2. **Electronic** (ISBN 9781119506881)

NOTE: All other purchasing/ordering options for the electronic edition of the book (e.g., VitalSource) are also acceptable. Additional options are available for renting the electronic version of the textbook through the publisher's website. See the link below for more information.

Link to Publisher's Website: www.wiley.com/en-ca/Health+Psychology%3A+Biopsychosocial+Interactions%2C+2nd+Canadian+Edition-p-9781119506881 (All format/purchasing options are available through the publisher's website.)

Due to significant updates and revisions to this edition, no other edition (American or older) of the textbook should be used.

**You are not responsible for reading Chapter 2 of the textbook; however, a basic understanding of bodily systems/human physiology is expected. Use this chapter as a refresher or reference as needed.*

NOTE: Any royalties earned by the third author from this class specifically will be donated to the following charitable organizations: [Rainforest Trust](#), the [Center for International Environmental Law](#), and [Canadian Roots Exchange](#).

EXAMINATIONS

There are 3 equally-weighted, non-cumulative exams in this course, each worth one third of your final grade. Each exam corresponds to one course unit and will test only material from that unit. See the course schedule at the end of this syllabus for the dates of Exams 1 and 2, which will be held during scheduled class time. Exam 3 will be scheduled by the university (it is up to you to ensure that you are available during this period; final exam dates are announced mid-term). **Each exam will consist of multiple choice and written questions (short answer; point form responses are acceptable).** These questions will be based on both assigned readings and lecture material from the respective unit. The purpose of the lectures is to explain and expand upon the textbook and additional readings. Although there will be overlap between the lectures and readings, there will also be material that will be covered in lectures that is not covered in readings. Furthermore, there may be material from assigned readings that will not be discussed in lecture. **More details on exam content can be found in the study guide.**

On Exam Day: Please bring **your own** HB pencil and an eraser to each exam to allow for electronic scoring of the multiple-choice questions (scantron sheets will be provided). All exams are closed-book and notes may not be referred to. **All exams will be closely supervised and monitored for cheating.** Invigilators may ask students to move or alter students' seating arrangements with no explanation provided. If you arrive more than 30 minutes late to an exam, you may be refused admittance to the exam and assigned a grade of "0" on the exam. **Students who arrive to an exam after a classmate has completed the exam and left the exam room will not be permitted to write the exam under any circumstances.** Given restrictions on room capacity, **you are STRICTLY PROHIBITED from writing an exam in a section of the course in which you are not enrolled.**

Missing an Exam: Examinations will be given on published dates only. Exceptions will be made in cases of medical or health-related issues, certain conflicting responsibilities, and other emergency situations. For policies regarding in-term academic concessions, including a list of eligible circumstances, please refer to the relevant UBC calendar entry: <http://www.calendar.ubc.ca/vancouver/index.cfm?tree=3,329,0,0>. Note that for health-related issues, no medical documentation is required for the first occurrence; however, if you experience ongoing health challenges during the term, you should seek support from your Academic Advising Office.

If you are unable to write an exam due to unforeseen events (illness or otherwise), you must contact me before the exam or within 24 hours following the exam. If you do not contact me within 24 hours of the exam you will be assigned a grade of "0" on the exam. Accommodations will also be made for religious obligations that conflict with an exam and for athletes with sporting events that are scheduled during an exam.

Concessions: Depending on the specific circumstances (as determined by the instructor on a case-by-case basis), students may be offered one of the following accommodations for in-term concessions: (1) a make-up exam scheduled at a later time, or (2) re-weighting of missed marks to another exam or course assignment.

Make-Up Exams: In most cases, if you are unable to write an exam on the scheduled date, you will be expected to complete a make-up exam **within the shortest time possible at the convenience of the TA. Depending on the TA's availability, you may be offered only one alternative time to write an in-person make-up exam.** The content and/or format of the make-up exam may differ from the original version. Once scheduled, make-up exams should be treated as originally scheduled exams and the same policies regarding exam concessions (as outlined above) must be followed. **In instances in which you are unable to accommodate the TA's schedule, or in cases where a make-up exam is also missed, you may be asked to contact your Academic Advising Office to mediate the situation.** In certain circumstances, including periods in which too many requests have been received, other arrangements may be made.

Exam Grades: Exam grades will be posted on the course website as soon as they are available. Please allow 2 weeks for grades to be posted. You may review your completed exams with your TA(s) at either scheduled review sessions or by appointment (to be announced). **If you wish to have an exam re-graded, you must email me requesting a re-grade within 2 weeks of the grades being posted and only after first reviewing the exam with your TA. Re-grades will not be considered after the 2-week mark, though you are welcome to review your midterm exams at any point.** Final examinations are typically reviewed directly with me at a scheduled review session or by appointment after the term is complete. Note that due to minor errors that may occur in grading and/or scoring, exam grades may be adjusted after their original posting. In such corrections, your exam grade may either increase or decrease in order to ensure that it reflects an accurate assessment of the material.

OPTIONAL WRITTEN ASSIGNMENT

You have the **option** of submitting a final written assignment in this course (8 to 10 pages in length, double-spaced, NOT including the title page and references). The goal of the written assignment is to examine and review a particular area of research within the field of health psychology and to make insightful conclusions regarding this topic or line of inquiry. The goal is NOT to simply summarize individual papers or studies, but instead to write a synthesized review of the current state of the scientific literature on your topic of choice. Your paper will be based on a news story/article on any topic related to health psychology that appeared in print or online **since January of 2022**. For example, a recent headline in an online news forum read, “Scientists demonstrate the connection between stress and cancer.” This would be a suitable topic. The news story may be in any format; it may appear in print (e.g., newspaper, magazine) or in electronic format (e.g., news website, blog, video). This original story should be used as a “jumping off” point for your paper. The original news story should be discussed and referenced minimally in the introduction of your paper. The body of your paper will then be used to review relevant research (minimum 5 scholarly articles) related to the topic in order to make conclusions about the original news story or topic therein.

Paper Topics: Topics must include both a health component and a psychosocial component or be directly applicable to health psychology. Please confirm your topic with me or a TA if you are unsure of its suitability.

Paper Organization: *The paper should be organized as follows:* Start with an overview of the topic discussed in the news story or article. What is the specific aspect of the story that you will focus on in more detail? Provide a background to the topic and identify the goals and purpose of your paper. [Approx. 1 page for intro.]

Using the findings from at least 5 empirical, peer-reviewed articles, discuss the issue in more depth (these articles are in addition to the newspaper/magazine article). For example, you might choose 3 articles arguing one side of the topic and another 3 articles arguing a different perspective. Or, all articles may be on the same side, but offering slightly different points about the main topic. Only include very brief discussions of study methods, participants, and analyses, unless these details are critical to your conclusions. Focus more on study findings and their interpretation. Also ensure that your review is **thoughtful, in-depth, and integrated** (i.e., avoid

simply listing summaries of studies; instead, organize your paper by topics or points and cite sources accordingly). [Approx. 5-7 pages for body of paper.]

Your conclusions on the topic should be based on the literature you reviewed and discussed, revisiting key findings, clearly stating conclusions, and noting implications, common limitations in the field, areas of improvement, and suggestions for future research. In cases where topics involve controversy or debate, you should also make a firm conclusion regarding which side is the strongest based on the research you reviewed. [Approx. 1-2 pages for discussion/conclusions.] *Sample papers will be made available on the course website, but should not be used as strict templates.*

Paper Requirements: The written assignment must be typed, **double-spaced**, in **12-point Times New Roman or similar font**, and **between 8 and 10 pages in length (NOT including the title page and reference section)**, with **1-inch margins**. Your paper must also include a title page and a reference section, but **not an abstract**. Headings are optional (but often helpful). Extra spacing should not be included between paragraphs or after headings. **First-person perspective and direct quoting should be avoided**. The paper must adhere to APA formatting guidelines as outlined in the Publication Manual of the American Psychological Association, 7th Edition (APA, 2019). You can find information on APA here: <https://guides.library.ubc.ca/apacitationstyle>; or see this link: https://owl.purdue.edu/owl/research_and_citation/apa_style/apa_style_introduction.html

You must reference a minimum of 5 primary source scholarly articles from peer-reviewed academic journals. These articles must be relevant to the area/field of interest. Given that your paper is addressing a recent topic in the media, only recent literature should be reviewed (i.e., research published in 2018 or later; some exceptions may apply, particularly in the case of landmark or key papers in the field, but these should be used minimally). In many cases, reviewing more than 5 studies/articles will be beneficial, but do not try to review too much either! **Primary source** articles are those which present original findings for the first time (and do not include review articles or meta-analyses, although these may be used in addition to your 5 primary sources). **First-person perspective and direct quoting should be avoided**. **In your References section, you must also include the link to the online news story or video, and you must include a corresponding in-text citation.**

Paper Grading: Your paper should be at an advanced level and reflect a high degree of critical thinking. The paper will be graded for *content*—that is, how effectively you analyzed, summarized, and synthesized the research findings reviewed. For example, did you provide a sufficient and accurate review of key concepts or theories related to your topic? Did you accurately interpret the research findings reviewed? Did you exhibit thoughtful, independent thinking in your review? Did you connect similar ideas/findings in the research? Did you note the strengths and weaknesses of the studies reviewed? Did you identify common problems or limitations in the research, make recommendations for future research, and come to some general conclusions about the topic?

The paper will also be graded for *style, mechanics, and formatting*—that is, how well your paper was written. For example, did your paper contain a clear statement of its purpose or objectives (i.e., thesis statement)? Was your writing clear, concise, and easily understood, with appropriate word choice and university-level academic tone? Was your paper well organized, characterized by effective transitions between ideas and a logical flow? Were there errors in punctuation, grammar, or spelling? Did your paper conform to the formatting requirements? Were all sources of information referenced according to APA guidelines? *A detailed grading rubric/feedback sheet that will be used for grading is available on the course website.*

Paper Submission: (1) Papers must be uploaded directly to Canvas by 11:59 PM on the due date indicated (see course schedule). In Canvas, go to **Assignments** and click on “Optional Paper” to upload your paper. Papers should be uploaded in PDF format. **(2) Papers must ALSO be uploaded to “TurnItIn” by 11:59 PM on the day of submission.** If you do not upload your paper to BOTH places by the deadline, you will receive a grade of ‘0’ for the assignment. In cases of medical emergencies or unforeseen circumstances, concessions may be offered (see UBC’s policy on in-term concessions), but you must contact me within 24 hours of the deadline. If your concession is approved, a late submission may be accepted.

TURNITIN: TurnItIn is a service designed to detect and deter plagiarism. Through this service, students’ papers are scanned and compared to over 5 billion pages of content located on the Internet or in TurnItIn’s own proprietary databases. The results of comparisons are compiled into customized “Originality Reports” that are forwarded to instructors and contain several measures of plagiarism. Papers that have not been scanned by TurnItIn by the deadline will not be graded and will receive a grade of “0.”

Turnitin Submission: Please submit your paper in the exact same form as the hardcopy submission (i.e., do not remove your title page or reference section, if applicable). **Originality reports of 30–40% or higher should be of concern.** If you are worried about potential plagiarism in an assignment, it is strongly advised that you submit your paper early to TurnItIn and, in the case that an assignment demonstrates significant overlap, make appropriate changes before the final submission. Students will be able to view their originality reports and resubmit before the respective deadlines.

Turnitin Information: Please visit www.turnitin.com and use the following Turnitin information to submit your paper: **Class ID: 42060364; Enrolment Key: health2024.**

Note that you must first set up an account if you do not already have one. If you are concerned about security issues involving the use of identifying information (e.g., being stored on U.S. servers), you have the option of creating an alias to use when uploading your paper. In such instances, please note your Turnitin alias in the heading of your paper when you upload it to Canvas or note your alias in the assignment comments in Canvas.

Paper Grades: Paper grades will be posted as percentage grades in Canvas as soon as they are available. Please allow 2 weeks for paper grades to be posted. Grading feedback will be made available directly in Canvas. Paper re-grades are possible within 2 weeks of paper grades being posted.

WRITING SUPPORT

UBC students may obtain assistance with writing through the UBC Centre for Writing and Scholarly Communication (learningcommons.ubc.ca/improve-your-writing). The UBC Library (www.library.ubc.ca) also provides online information to assist students in research and writing.

Did you know you can receive FREE WRITING CONSULTATIONS through the UBC Library? You can have a consultant review your written work here: writing.library.ubc.ca/undergraduates/writing-consultations/

Remember, feedback on your written work is always beneficial, even if it's hard to take at first! Please try to approach all critical feedback with HUMILITY, and do not take it personally!

EXTRA CREDIT (HSP)

You can gain research experience by serving as a participant in one of the many different psychological studies that are being conducted by the department. For each hour of experimental participation, you can earn one credit towards your final grade, to a maximum of 3 'bonus' credits in this course. Each credit is added to your final grade in the course as a bonus percentage point. Note that currently, there is no limit on the number of credits that can be earned from online studies.

Create an account and sign up for studies here: <https://hsp.psych.ubc.ca>. Or, if you prefer, you can earn the same credits by completing a library-writing project. Find more information at the above link or in the Canvas announcement regarding the HSP system, which includes further details.

IMPORTANT: As instructors, we do not have access to the HSP system during the term. It is managed separately by the department. Any issues with HSP should be resolved directly with HSP Admin (hspadmin@psych.ubc.ca). Please also keep in mind that the HSP system is NOT connected to Canvas. At the end of the term, we will receive a spreadsheet from HSP Admin containing a list of participating students and the credits assigned to them. At that time, we will enter HSP credits in to Canvas so that you can check that they are accurate. The only thing you need to ensure is that you have assigned your HSP credits to the class(es) of your choice, in your HSP account, before the system closes on the last day of classes.

NOTE: This will be the only way to earn bonus points in this course!

DEPARTMENTAL POLICY ON GRADE DISTRIBUTIONS

In order to reduce grade inflation and maintain equity across multiple course sections, all psychology classes are required to comply with departmental norms regarding grade distributions. The average grade in 300-level psychology classes will be 75 for an exceptionally strong class, 73 for an average class, and 71 for a weak class, with a standard deviation of 13. Scaling may be used in order to comply with these norms; grades may be scaled up or down as necessary by an instructor or the department.

Grades are not official until they appear on your academic record. You will receive both a percent and a letter grade in this course.

ACADEMIC INTEGRITY

Cheating, plagiarism, and other forms of academic misconduct are very serious concerns of the University, and the Department of Psychology has taken steps to alleviate them, including the use of software and online platforms to detect cheating and plagiarism. In cases of suspected academic misconduct, the parties involved will be pursued to the fullest extent as dictated by the guidelines of the University. If you have any questions as to whether or not what you are doing is a case of academic misconduct, please consult UBC's policies on [Academic Honesty and Standards / Misconduct](#) here: www.calendar.ubc.ca/vancouver (see Campus-Wide Policies).

What does academic integrity mean for this class? Here are some tips:

1. Do your own work!

All graded work in this course is to be original work done independently by you! It is unacceptable to: buy/sell/share exam questions or answers on any platform; misrepresent your identity; use someone else to complete an assignment or exam; help someone else cheat; complete someone else's work. Generative A.I. tools like ChatGPT are **not permitted** for any stage of work in this class. Importantly, any submitted written work must consist of your own writing. **Generative A.I. programs are not a replacement for human creativity, originality, and critical thinking. Using these tools to complete work in this class is strictly prohibited and will be considered an act of academic misconduct.** Note that A.I. detection software may be used in investigations of academic misconduct.

2. Avoid unintentional plagiarism.

The ideas of others should always be acknowledged! Visit this guide to preventing plagiarism in your writing: learningcommons.ubc.ca/resource-guides/avoiding-plagiarism/

3. DO NOT share course materials.

All course materials, including PowerPoint files and exam questions, are the **copyrighted intellectual property of David King**. You may not share these materials outside of this course (e.g., on CourseHero).

We appreciate your attention to these matters and trust that you will uphold these expectations at all times!

PARTICIPATION & ATTENDANCE

Although attendance is not recorded, **you are responsible for all material covered during class.** Should you miss class for any reason, it is your responsibility to find a classmate who is willing to share their notes with you. If your absence is legitimate, then I will be happy to answer questions about the missed material once you have consulted with a fellow student. In extenuating circumstances, it may be possible to receive access to previous recordings of lectures, but this will be in select cases only. **It is expected that you treat this course as a normal, in-person, lecture-based course.**

RESPECT & DECENCY

I will only ever tolerate an inclusive, respectful, and safe learning environment (which includes all online discussions and interactions). **The opinions and perspectives of all individuals are valued and respected, no matter their age, sex, ability, ethnicity, culture, religion, sexual orientation, or gender identity.** To this end, and in support of UBC's Positive Space campaign, I am dedicated to fostering a learning atmosphere that is receptive to and welcoming of 2SLGBTQIA+ people and issues (see positivespace.ubc.ca). All individuals in the classroom should feel safe to express their thoughts and opinions without judgment, ridicule, or discrimination. As such, thoughts and opinions should only ever be shared in a **respectful and polite** manner. **Yes, Intellectual discourse and debate CAN happen politely and respectfully!** In regards to more sensitive issues, it is advisable that you "think before you speak." If a statement or behaviour might offend someone or make an individual feel alienated or threatened, it should be reworded to be more polite or not shared at all. Educated and respectful opinions, on the other hand, are always welcome. **Students should familiarize themselves with UBC's policy on maintaining a Respectful Environment on campus and in the classroom:** www.hr.ubc.ca/respectful-environment

Unsure of What It Means to Be Respectful?

Here are some basic tips on how to communicate respectfully:
www.wikihow.com/Be-Respectful#Communicating_Respectfully_sub.
Remember to treat your Instructor and TA(s) with the same respect!

CLASS ETIQUETTE – Please be thoughtful and think of others!

In consideration of your classmates, **PLEASE TURN YOUR PHONE OFF DURING CLASS** and **keep noise to a minimum!** The use of a laptop is welcome, but please make an effort to type quietly, as background sounds can be very distracting to others. If you arrive to class late or need to leave early, please do so with minimal disruption. **OPEN AND CLOSE DOORS QUIETLY** and **DO NOT ALLOW DESKTOPS TO SLAM DOWN (if applicable)!**

SUPPORTING STUDENT SUCCESS

UBC provides resources to support student learning and to maintain healthy lifestyles but recognizes that sometimes crises do arise, and so there are additional resources available should you need them, including those for survivors of violence. UBC values the safety of all individuals and respects the ideas of all members of the academic community. Harassment and discrimination are not tolerated nor is suppression of academic freedom. UBC also provides appropriate accommodation for students with disabilities and for religious and cultural observances. Details of these policies and how to access these services are available here: senate.ubc.ca/policiesresources-support-student-success. You can find further details below:

ACADEMIC ACCOMMODATIONS

UBC accommodates students with disabilities who have registered with the Centre for Accessibility (students.ubc.ca/about/access). **Please let me know within the first 2 weeks of class if you require any accommodations.**

ACADEMIC CONCESSIONS

If you encounter medical, emotional, or personal problems that affect your attendance or performance, please notify me as you may be eligible for a concession. For more information, please consult Policies and Regulations in the UBC Calendar (www.calendar.ubc.ca/vancouver/index.cfm).

LEARNING RESOURCES

Learning Commons (learningcommons.ubc.ca) is an online resource designed to provide students with learning and study support.

HEALTH & WELLNESS RESOURCES

You may at some point find yourself struggling to manage your health (mental or physical) while in school. Below is a list of health-related resources on and off campus that you may wish to utilize. If concerns about your well-being arise during the term, or if you reach out to us asking for help, we may also submit an **Early Alert** on your behalf in order to get you help.

Early Alert allows faculty, staff, and TAs to identify concerns about students early and in a coordinated fashion. It is a confidential system in which student challenges can be reported to Student Services, who will refer you to appropriate resources. As an instructor, it is my responsibility to submit an Early Alert for you if concerns arise about your health or safety.

On Campus Services...

Centre for Accessibility: The CFA provides accommodations for UBC students living with physical or mental disabilities. Website: <https://students.ubc.ca/about-student-services/centre-for-accessibility> | Phone: 604-822-5844

Counselling Services at UBC: Counselling offers a variety of resources to help you maintain your mental health while in school. You may see a counsellor on an individual basis, attend group counselling, or to document an illness if you require academic concession. Website: <https://students.ubc.ca/health/counselling-services> | Phone: 604-822-3811

Kaleidoscope: A confidential peer-run mental health support group that takes place on campus at least once a week. Website: www.the-kaleidoscope.com

Mental Health Awareness Club: A club that offers opportunities to speak about mental health with others and strives to promote mental health awareness throughout the UBC community. Website: <http://blogs.ubc.ca/ubcmhac/>

Mood Disorders Centre at UBC: A psychiatric program designed specifically to treat individuals living with depression or bipolar disorder. Website: www.centreforbrainhealth.ca/clinics/clinic-information/mood-disorders

Psychology Clinic at UBC: Professional psychological services provided to the community, including assessment & treatment for children, adults & families by clinical psychology trainees. Website: clinic.psych.ubc.ca

Student Health Services at UBC: UBC provides students with a variety of healthcare services to help you maintain your health, including access to doctors and nurses. Website: students.ubc.ca/health/student-health-service | Phone: 604- 822-7011

Thrive at UBC: Thrive is a mindset and a week-long series of events focused on helping everyone at UBC explore their path to mental health. Website: wellbeing.ubc.ca/wellbeing-campaigns-and-initiatives/thrive

Wellness Centre at UBC: Speak with other UBC students about tips for managing stress, keeping healthy sleep and eating patterns, concerns about safe sex, etc. Website: students.ubc.ca/health/wellness-centre

Off Campus Services...

BC Bereavement Helpline: Non-profit, free, and confidential service that connects the public to grief support services in BC. Website: www.bcbh.ca | Phone: 1-877-779-2223

BC Crisis Centre: Non-profit, volunteer-driven organization that provides emotional support to youth, adults, and seniors in crisis in BC. Crisis line available 24/7. Website: crisiscentre.bc.ca | Phone: 604-872-3311

BC Grief Support Network: This is a student-led organization that provides bereavement resources to students and youth experiencing grief. They hold grief discussion groups at various locations in the province. Website: <https://bcgsn.ca>

Crisis Line: If you find yourself in distress or are worried about someone in distress who may hurt themselves, you should call **1-800-SUICIDE** 24 hours a day to connect to a BC crisis line.

Crisis Services Canada: For crisis support across Canada, call 1-833-456-4566 or visit <http://www.crisisservicescanada.ca>

Health Initiative for Men (HIM): HIM provides HIV/STI prevention/treatment services and mental health support to GBQ men and gender diverse people. Visit <https://checkhimout.ca>

Here2Talk: Previously the Student Assistance Program, Here2Talk is a BC organization that that connects postsecondary students with mental health support when they need it. Free, confidential counselling and referral services are available 24/7 via app, phone, and web. Visit <https://here2talk.ca> or call **1-877-857-3397** (outside of Canada: 1-604-642-5212).

Hope for Wellness Helpline for Indigenous People: Hope for Wellness Helpline is available 24/7 to all Indigenous people across Canada. Website: <https://www.hopeforwellness.ca> | Phone: 1-855-242-3310.

LGBT Youth Line: YouthLine offers confidential and non-judgmental 2SLGBTQIA+ peer support through their text and chat services. Call 1-800-268-9688 or Text 647-694-4275. Website: <https://www.youthline.ca>

Appendix B

Notice about Requests for Letters of Reference

During your academic career, you may wish to request a letter of reference or recommendation (for admission into a graduate or diploma program, to apply for a research job, etc.).

Unfortunately, due to the volume of requests I receive, I will not be able to accommodate all students. I will only be able to *consider* such a request under the following conditions:

(1) You have had significant interaction with me such that I have gotten to know you as an individual. I am not able to provide a reference based solely on you completing this course and I will *not* provide a reference simply stating the grade that you receive in this course. (Your transcript will do so.) If I cannot confidently speak to your other qualities or traits, I cannot write a letter of reference for you that is helpful to your application process. I will make *no exceptions* to this rule.

(2) You have received a final grade in this course of at least 80%. This means that I cannot consider such requests before the term has ended and grades are finalized. Please do not ask before that time.

(3) Your GPA should also be at a level that reflects a high academic performance overall. Note that my academic reputation would be compromised if I were to refer students who do not have the necessary qualifications for a program of study. Please be mindful of this.

(4) You make the request at least one month before the letter(s) must be submitted. Ideally, such a request should be made even earlier.

(5) In your correspondence, you clearly state the schools/programs you are applying to and the deadline(s) for submission of said letter(s) of support, and also attach your C.V., an unofficial copy or screenshot of your transcript, and a brief explanation of your interest in the desired program(s) and why a letter of reference from me specifically would be relevant.

Even if these above conditions are met, it is still very possible that I will not be able to provide you with a letter of reference due to the sheer volume of requests I receive. Writing such letters is a very time consuming process, and as such, it is necessary for me to set a limit on how many I can write per academic term/year. Please also note that I may not be able to get back to you in a timely manner if any of the above conditions are not satisfied.

Please note that in recent years, I have started to receive follow-up requests from students immediately after I inform them that I am unable to provide them with a letter. In these follow-up requests, students ask me a second time if I can help, often pleading and begging me to accommodate the request. Unfortunately, I do not have unlimited amounts of time, and as such, it should not be presumed that I could just "make it work" if I wanted to. In the end, I would appreciate not receiving such follow-up requests. (And keep in mind that they come across as highly unprofessional, and as such, do not make me more inclined to provide the support requested.) I consider every request seriously, and if I can make it work (and the above requirements are satisfied), I will. If I cannot, I'm sorry, but this is sometimes how these things go...
